We, Bhupendra International are based out of Chennai - India, and we have been in the business of manufacturing plastic products since 1946, with an expertise spanning over decades. We specialise in manufacturing Plastic Houseware products in South India.

We believe in delivering happiness with whomever we are dealing with. To us, a smile on the face, while using our products or while doing business with us, is what matters. This is what drives us everyday...

That's why we have invested in advanced manufacturing and warehouse facilities, that enable us to delivery the best quality of plastic products with durability and value for money. And this is backed by a team, who is driven to give their very best - everyday..."
